Finding Oasis Clare Nonhebel 2010-06-01 Authentic Media is pleased to announce the publication of *Finding Oasis: from stress to solace* a book that reveals the real world of Slumdog Millionaire. Author, Clare Nonhebel, interviewed slum dwellers, victims of human trafficking, street children, AIDS orphans and others rejected by society, she discovered some people not only surviving but thriving in extremely stressful lifestyles. Already concerned about the growing 'stress-relief industry' in our own Western 21st century society, with all its practitioners and remedies, Clare asked these amazing stress-survivors what they could teach us. In our affluent and apparently easier lives, why do so many struggle to find peace and happiness? What lessons can we learn from some of the poorest and most marginalized? Through *Finding Oasis: from stress to solace*, voices of the voiceless speak to us, each with their own experience and personality. Meeting these people may change your life. Clare Nonhebel is a freelance journalist, author of 11 books and winner of a Betty Trask Award for fiction. The author's proceeds from the book will go to the charity Oasis India.

2012 Gold's History Solves Mankind's Mystery Michael Brumfield 2005-06 A fascinating story of two men researching the origins of religion. Their journey takes them down THE ROAD of shocking scientific discoveries in our ancient past. Primitive man's heaven is irrefutably up in all religions and yet Michael's buddy remains steadfast in his belief of a spirit world. However, Michael sees the matching evidence provided by science today. We are going up, need gold to do it, and last but not least, are creating robots to assist us with the obvious. He presents the evidence to prove religion's story is today's science. Up and space is religion's heaven and our logical goal in achieving the immortality of our own species. We have come full circle. Religion matches today's science. What they look like and why they stay away is the climax of his research..Religion's universal up theme proves space is inhabited by flesh and blood scientific beings. We are going up/space the final frontier.

Encyclopedia of Christianity in the United States George Thomas Kurian 2016-11-10 From the Founding Fathers through the present, Christianity has exercised powerful influence in the United States—from its role in shaping politics and social institutions to its hand in inspiring art and culture. The *Encyclopedia of Christianity in the United States* outlines the myriad roles Christianity has played and continues to play. This masterful five-volume reference work includes biographies of major figures in the Christian church in the United States, influential religious documents and Supreme Court decisions, and information on theology and theologians, denominations, faith-based organizations, immigration, art—from decorative arts and film to music and literature—evangelism and crusades, the significant role of women, racial issues, civil religion, and more. The first volume opens with introductory essays that provide snapshots of Christianity in the U.S. from pre-colonial times to the present, as well as a statistical profile and a timeline of key dates and events. Entries are organized from A to Z. The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world, as well as a select yet comprehensive bibliography. Appendices help readers locate entries by thematic section and author, and a comprehensive index further aids navigation.

**The Way to God Through Jesus** ABRAHAM VARGHESE 2022-02-22 This book is a concise study of The Bible from beginning till end. The approach of the author is not confining to normal Christian theologians or conforming to blind religious attitudes. It is a deliberate attempt to revive Christianity to the right track, lining all conventional vices that got into it in due course through many denominations. A special attempt was taken without hesitation to criticize all relevant in the process of purifying the gold to attain its carat. It is a new experience for all studious Christians and scholars with a deep study purpose. It is undoubtedly a good book to read in one stretch as it instigates eagerness to know the truth in simple language. Jesus wanted to bring all mankind under one roof before His second arrival. Henceforth the aim and call of the book are for universally united Christianity. Then only the church will become the body of Christ. It will move the stagnant Christianity forward with hope, in the turbulent world. The title is relevant and invites all to read to quench doubts and find the right way to God.
