*I Can'T Dance* Dolores W Moore 2012-05-09 An inspirational book depicting a life of challenges and achievements. It tells of a woman, who stricken by polio as a young child, could never dance - or run - or swim - or ride a bike - or even walk unaided. Not willing to be cast aside as a "poor little crippled girl" she set goals for herself and worked to reach them. What she attained by will power and determination was a life of personal satisfaction and professional accomplishment. Read I CAN'T DANCE to learn what she could do and what she did do. It was not dance. This is an excellent book for any who have a disability or who know someone who

does.

Otis, Willie, and Hibernia are three children with a lot in common: they've all lost a loved one, they each have secret dreams, and they won't stop fighting for what they want. And they're also a lot like their hero, famed boxer Joe Louis. Throughout this moving novel, their lives gradually converge to form friendship, family, and love. Their trials and triumphs echo those of Joe Louis, as he fights to become the heavyweight boxing champion. Andrea Pinkney masterfully weaves in factual information about Joe Louis and actual radio commentary from his fights, enriching the narrative of this uniquely rendered and beautifully written novel.

category With this volume, Lynn Abbott and

Doug Seroff complete their groundbreaking

trilogy on the development of African American

popular music. Fortified by decades of research,

the authors bring to life the performers,

entrepreneurs, critics, venues, and institutions

that were most crucial to the emergence of the

blues in black southern vaudeville theaters; the

shadowy prehistory and early development of

the blues is illuminated, detailed, and given

substance. At the end of the nineteenth century,

vaudeville began to replace minstrelsy as

America's favorite form of stage entertainment.

Segregation necessitated the creation of discrete

African American vaudeville theaters. When

these venues first gained popularity, ragtime

coon songs were the standard fare. Insular black southern theaters provided a safe haven, where coon songs underwent rehabilitation and blues songs suitable for the professional stage were formulated. The process was energized by dynamic interaction between the performers and their racially-exclusive audience. The first blues star of black vaudeville was Butler “String Beans” May, a blackface comedian from Montgomery, Alabama. Before his bizarre, senseless death in 1917, String Beans was recognized as the “blues master piano player of the world.” His musical legacy, elusive and previously unacknowledged, is preserved in the repertoire of country blues singer-guitarists and pianists of the race recording era. While male blues singers remained tethered to the role of blackface comedian, female “coon shouters” acquired a more dignified aura in the emergent persona of the “blues queen.” Ma Rainey, Bessie Smith, and most of their contemporaries came through this portal; while others, such as forgotten blues heroine Ora Criswell and her protégé Trixie Smith, ingeniously reconfigured the blackface mask for their own subversive purposes. In 1921 black vaudeville activity was effectively nationalized by the Theater Owners Booking Association (T.O.B.A.). In collaboration with the emergent race record industry, T.O.B.A. theaters featured touring companies headed by blues queens with records to sell. By this time the blues had moved beyond the confines of entertainment for an exclusively black audience. Small-time black vaudeville became something it had never been before—a gateway to big-time white vaudeville circuits, burlesque wheels, and fancy metropolitan cabarets. While the 1920s was the most glamorous and remunerative period of vaudeville blues, the prior decade was arguably even more creative, having witnessed the emergence, popularization, and early development of the original blues on the African American vaudeville stage.
