Mapped to the exam syllabus, the book contains 500 single-best-answer (SBA) questions carefully written to reflect fundamental areas of the curriculum, along with explanatory answers based on the most recent Green-top Guidelines from the Royal College of Obstetricians and Gynaecologists (RCOG) and journal articles from *The Obstetrician and Gynaecologist* (TOG). Alongside the Q&As for the individual curriculum areas, the book contains two 100-question mock papers to help candidates feel fully prepared for the real exam. Hard Choices, Lost Voices Donald P. Judges 1993-04 "Something is seriously wrong with our society's approach to the problem of abortion," Donald Judges writes. Investigating the struggle over abortion rights, he found a shocking lack of information on both sides of the issue as well as an ignorance of those matters that really affect a woman's decision. In this thorough, balanced, and fair minded view of the controversy, Mr. Judges provides clear and pertinent information on the sociological, medical, historical, and legal aspects of abortion, with equal attention to the arguments of pro-life and pro-choice forces. His fresh approach would "express what really bothers people about abortion." *Hard Choices, Lost Voices*, with its evenhanded perspective on the major issues in the abortion debate, its just treatment of the opposing positions, and its suggestions for a new path toward resolution, is the outstanding book on the subject - for the

committed, the concerned, and the undecided.
