Warrenton Virginia, BISPHAM HOUSE Walt H. Sirene 2025-04-29 Warrenton Virginia BISPHAM HOUSE Introduction The House - Part 1 A noteworthy part of this illustrated account is about the Bispham's who built the house, ca. 1856, at the highest elevation in town (660' vs. usually claimed point 646' at Court House Square)) It is called Baptist Hill, for the nearby church and minister's house next door to the Bispham's. Soon after the house was built, the Civil War began. Because the town was at an important crossroads and rail branch line terminus, it became an army supply depot. Consequently, the two sides changed occupation 67 times. The first family's experiences and neighbors add to understanding the times in a small Southern town. Included are interesting happenings and images of early scenes in Warrenton. All owners to current time are identified along with their caretaking and additions to the property. The house and owners help introduce captivating local and national history. Scrapbook - Part 2 The Scrapbook sections are three fourths of the document where images bring to life local events and people that inform about the Warrenton area through the years including: Historical Maps, slavery, General McClellan's farewell to his troops; distinguished people, visits by Presidents, Lafayette, and former residents: The Great Chief Justice John Marshall, John Singleton Mosby, Anthony Dangerfield, Dangerfield Newby, plus others. Artwork Surprising artworks amplify the local story; many by renowned Richard Norris Brooke; three creative murals by Stewart Burgess White; and three paintings of Mosby's Berryville Raid; Edwin Austin Forbes, Civil War scenes. The art's subject matter stimulates critical thinking that may inspire further research for forming educated judgments about historical times and events Interpretive History Used throughout is a teaching technique which combines facts, illustrative photos, and maps (high resolution, when possible, enables zooming for details) with stimulating explanatory information. It helps to tell a story about Warrenton, Fauquier, and America. Many images convey their own tale. This study began when the eighth owners wanted to gather photos and information about the old place. Their expanded discoveries and use of over 500 splendid illustrations provide a remarkable history lesson in this free eBook available to others interested in historical Warrenton Virginia and beyond. The Book of Q Jonathan Rabb 2001 In his national bestsellerThe Overseer, Jonathan Rabb demonstrated his imaginative power and keen understanding of history with a superb thriller that dazzled critics and fans alike.The Book of Qnow brings his gifts to full, stunning fruition. Asia Minor, sixth century: After several centuries of conflict with the early Christian church, the Manichaeans, a heretical sect, vanish from the historical record. Bosnia, 1992: Ian Pearse, a young American relief worker destined for the priesthood, has his faith tested by the horrors of war, but is jolted from his despair by a passionate affair with a Croatian woman named Petra. Rome, present day: Father Pearse, now a researcher at the Vatican Library, comes into possession of an ancient scroll after the mysterious death of one Vatican priest and the disappearance of another. His scholar's curiosity aroused, he has the document translated by an old friend in Rome. He is stunned to learn that the scroll contains ingeniously coded letters and the text of the "Perfect Light," a Manichaean prayer that has never been found in its written form. In the early days of the Christian church the Manichaeans had been an overly zealous, highly organized secret society, scorned by the church and seemingly driven out of existence. But these newly discovered documents indicate an earth-shattering alternate history, a long-dormant, highly evolved conspiracy carefully nurtured for centuries, and an even more important scroll hinted at in the letters that will facilitate "the great awakening." When the pope dies of a sudden illness, Pearse is roughed up by Vatican security, who want the scroll, and when the woman who translated the prayer for him is kidnapped, he realizes that "the great awakening" is not an academic concept but something very real and dangerous. With his friend's life at stake, Pearse must find the document that holds the key to this Manichaean conspiracy. Racing from the Vatican to Greece and back to Bosnia, Pearse has to decipher the cryptograms and codes that have been passed down for centuries from one Manichaean sect to another in the documents he finds. He is also reunited with Petra, the passionate,

determined Croatian woman who has lingered in his mind since their time together in Bosnia years earlier. Together they must face a heresy that has been vigilantly guarded and cared for throughout the centuries until the time is right to unleash it on the world. And the time is now. . . .
