Journal of Electricity, Power, and Gas 1913

Frontier Computing on Industrial Applications Volume 1 Jason C. Hung
2024-01-20 This book gathers the proceedings of the 13th International Conference on Frontier Computing, held in Tokyo, on July 10-13, 2023, and provides comprehensive coverage of the latest advances and trends in information technology, science, and engineering. It addresses a number of broad themes, including communication networks, business intelligence and knowledge management, Web intelligence, and related fields that inspire the development of information technology. The respective contributions cover a wide range of topics: database and data mining, networking and communications, Web and Internet of things, embedded systems, soft computing, social network analysis, security and privacy, optical communication, and ubiquitous/pervasive computing. Many of the papers outline promising future research directions, and the book benefits students, researchers, and professionals alike. Further, it offers a useful reference guide for newcomers to the field.
