The Path to Healing is a Spiral

Anna McKerrow 2023-02-14 A

funny and profound memoir about trauma healing written by a Reiki Master, witch and tarot reader. The debut non-fiction by a YA, crime and romance novelist, Anna's story is heartbreaking, compelling and hilariously ridiculous. What would you do to heal emotional trauma? Anna was screaming at full volume into a pillow in a grey industrial estate when it dawned on her that maybe this was a slightly unusual way of processing grief. It wasn't the first time she had done something a little odd to try and make sense of things. There was the time she sobbed along to Elton John with a room full of strangers.

Or the very special experience of trying to enact the spirit of a deer in a school hall. She's tried Reiki, reflexology, BodyTalk, shamanic healing, past life regression, breathwork, guided visualization, dreamwork, magick ritual, (disastrous) gong baths and meditation - her journey has been long and twisting, but eventually it led to real understanding, and real healing. This book is about acknowledging our trauma, looking at what it actually is, and feeling our feelings. Interviews with practitioners and experts delve deeper into what alternative therapies offer. Ultimately, Anna hopes to trigger much-needed conversations about emotional health and the non-mainstream ways we can communicate with ourselves and others. Content warning: suicide, child illness, depression, bereavement, explicit medical detail

Encyclopedia of Witchcraft

Richard M. Golden Director,
Jewish Studies Program

2006-01-30 The definitive
compilation on witchcraft and
witch hunting in the early
modern era exploring
significant people, places,
beliefs, and events.

Encyclopedia of Witchcraft:

The Western Tradition is the
definitive reference on the age
of witch hunting

(approximately 1430-1750), its
origins, expansion, and
ultimate decline. Incorporating
a wealth of recent scholarship
in four richly illustrated,
alphabetically organized

volumes, it offers historians
and general readers alike the
opportunity to explore the
realities behind the legends of
witchcraft and witchcraft trials.
Over 170 contributors from 28
nations provide vivid,
documented descriptions and
analyses of witchcraft trials
and locations, folklore and
beliefs, magical practices and
deities, influential texts, and
the full range of players in this
extraordinary

drama—witchcraft theorists
and theologians; historians and
authors; judges, clergy, and
rulers; the accused; and their
persecutors. Concentrating on
Europe and the Americas in the
early modern era, the work
also covers relevant topics
from the ancient Near East
(including the Hebrew and
Christian Bibles), classical
antiquity, and the European
Middle Ages.

Living Traditions and

Universal Conviviality Roland

Faber 2016-03-03 The World

Parliament of Religions

adopted the view that there

will not be peace in this world without including peace among religions. Yet, even with the unified force of the world's religions and wisdom traditions, this cannot be accomplished without justice among people. In one way or another, "unity" among religions, as based on justice and the will to accept the other's religions and even irreligiosity as means of justice, will not prevail without an internal and external, spiritual, theological, philosophical and practical investigation into the very reasons for religious strife and fanaticism as well as the resources that people, cultures, religions and wisdom traditions might provide to disentangle them from the injustices of their host regimes, and to seek the "balance" that leads to a measure of universal fairness among the multiplicity of religious and non-religious expressions of humanity. "Conviviality" expresses the depth and breadth of "living together," which itself can be understood as a translation of a central term of Whitehead's

philosophy and the process tradition—"concrecence" (growing together, becoming concrete)—as it is recently and increasingly used in different discourses to name the concrete community of difference of individuals, cultures, and religions in appreciation of the mutual inclusiveness of their lives.

This book seeks to bring together experts from different religious (and non-religious) traditions and spiritual persuasions to suggest ways in which the living wisdom traditions might contribute to, and transform themselves into, a universal conviviality among the people, cultures and religions of this world for a common future. It wishes to test the resources that we can contribute to this concurrent and urgent matter, aware of Whitehead's call for a radical transformation of power and violence in thought and action as, perhaps, the ultimate theory of conflict resolution.

Trials of the Moon Ben

Whitmore 2010 The 'creation myths' of modern witchcraft and Paganism were decisively toppled at the turn of this century in Ronald Hutton's celebrated book, *Triumph of the Moon*. But did Hutton topple more than just myths? Are some truths also hidden in the rubble? Did paganism really die out centuries ago? Was witchcraft really no more than a fantasy? Were the Gods of Wicca really born out of the Romantic movement? Did Gerald Gardner lie about his initiation into witchcraft? Ben Whitmore has retraced many of Hutton's steps, critically evaluating the evidence, and he now suggests that the truth may be quite different and even more fascinating. Drawing on a wealth of

scholarly material, Whitmore demonstrates that the field of Pagan history is anything but barren ground - it is rich and fertile, and we have barely begun to cultivate it.
