Central Themes in Biblical Theology Scott J. Hafemann 2007-05 Maps seven key themes of a "whole Bible" theology, tracing the Bible's unified teaching across the biblical canon.

Exegetical Essays, 3rd Edition Don Garlington 2003-10-13 'Exegetical Essays' is a collection of thirteen biblical studies. The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages. The second edition of these 'Essays' incorporates corrections and updated documentation, and presents three new studies. The order of the articles follows as closely as possible the canonical biblical text. The book commences with a consideration of the biblical-theological method, followed by an Old Testament essay, and then proceeds through the Gospels, Paul and Revelation, and concludes with review articles of two recent notable books.

Biblical Theology Geerhardus Vos 2003-07-10 The aim of this book is no less than to provide an account of the unfolding of the mind of God in history, through the successive agents of his special revelation. Vos handles this under three main divisions: the Mosaic epoch of revelation, the prophetic epoch of revelation, and the New Testament. Such an historical approach is not meant to supplant the work of the systematic theologian; nevertheless, the Christian gospel is inextricably bound up with history, and the biblical theologian thus seeks to highlight uniqueness of each biblical document in that succession. The rich variety of Scripture is discovered anew as the progressive development of biblical themes is explicated. To read these pages--the fruit of Vos' 39 years of teaching biblical theology at Princeton - is to appreciate the late John Murray's suggestion that Geerhardus Vos was the most incisive exegete in the English-speaking world of the twentieth century.

The Letters of Geerhardus Vos Geerhardus Vos 2005 Geerhardus Vos was a professor of theology at Calvin College (1888-1893) and then a professor at Princeton Theological Seminary (1893-1932). He was ordained in the Presbyterian Church in the USA. This book includes all of his extant letters, including recipients Abraham Kuyper, Herman Bavinck, B.B. Warfield, J. Gresham Machen, Henry Beets, and Ned Stonehouse. Also includes a bibliography of his work, and four of his poems ("The sword", "A song of the nativity", "Kerstfeest-Gebed", and "The magnificent").

Redemptive-Historical Hermeneutics and Homiletics Yung Hoon Hyun 2015-04-14 This book focuses on redemptive historical hermeneutics and homiletics within New Testament theology. This is a valuable legacy of the Reformed tradition, despite differences in interpreting and preaching Bible texts that surfaced in Holland (1920s and 1930s) and the United States (1970s onwards) before influencing Korean Reformed churches. The background, origin, distinctiveness, and development of these theological debates is explored and evaluated before the features of redemptive history in Korea are identified. The influence of Western redemptive-historical scholars on the Korean debate are also analyzed. Here is a major and contemporary contribution to reformed-historical hermeneutics and homiletics that is relevant for Korean Reformed churches, but also for all Reformed churches worldwide.

Covenant Theology Jeong Koo Jeon 1999 In *Covenant Theology*, author Jeong Koo Jeon makes a much-needed contribution to 21st century biblical and systematic theology. He explores the debate between John Murray and Meredith G. Kline, placing their ideas in the larger context of Biblical studies that have had a direct influence on Reformed theology and evangelicalism. Although the theologies of Murray and Kline contain significant differences, they both maintain a distinction between a covenant of creation and a covenant of grace. In addition, they both advocate a fundamental antithesis between law and gospel, giving a priority to law over gospel in the temporal and logical order of divine works. Jeon sees these distinctions as hermeneutic tools that are essential for better understanding of biblical revelation as well as faith, grace, and atonement.

both the Word from God and words to God from His people. Unfortunately, psalm singing no longer plays an integral part of worship in most evangelical churches. In this book, thirteen well-respected scholars urge the church to rediscover the treasure of the Psalms as they examine the history of psalm singing in the church, present biblical reasons for the liturgical practice, and articulate the practical value it provides us today. A Confessing Theology for Postmodern Times Michael Scott Horton 2000 "In a world in which absolute truth, values and authority have lost their place, the evangelical church needs most of all to be a beacon of truth and light. Yet the relativistic mindset of our culture is seeping in, pushing aside biblical content to make way for personal experience even in churches that once held firmly to the doctrines of the faith. The result, a watered-down Gospel, is having little impact on society or individual lives. It is a challenge that must not go unmet. In *A Confessing Theology for Postmodern Times*, twelve confessing Christian scholars from various denominational backgrounds provide you with ideas and strategies for rising to that challenge. They explore your resources for "doing" theology in a postmodern world, as well as the obstacles and the opportunities it entails. There is a crisis of truth in the world. This volume is evidence that you "can reach out to those who need the life-changing message of the Gospel and still hold firm to a systematic, biblical theology in postmodern times."--! From book jacket.

Dictionary of Major Biblical Interpreters Donald K. McKim 2007 From Abelard to Zwingli, the history of Christian biblical interpretation has been shaped by great thinkers who delved deeply into the structure and meaning of Christianity's sacred texts. With over two hundred in-depth articles, Donald McKim's *Dictionary of Major Biblical Interpreters* introduces readers to the principal players in that history: their historical and intellectual contexts, their primary works, their interpretive principles and their broader historical significance. In addition, six major essays offer an overview of the history of biblical interpretation from the second century to the present. This one-volume reference, a revised and vastly expanded edition of IVP Academic's *Historical Handbook of Major Biblical Interpreters*, will serve as an invaluable tool for any serious student of the Bible and the history of biblical interpretation.

Kingdom through Covenant (Second Edition) Peter J. Gentry 2018-09-20 *Kingdom through Covenant* is a careful exposition of how the biblical covenants unfold and relate to one another—a widely debated topic, critical for understanding the narrative plot structure of the whole Bible. By incorporating the latest available research from the ancient Near East and examining implications of their work for Christology, ecclesiology, eschatology, and hermeneutics, scholars Peter J. Gentry and Stephen J. Wellum present a thoughtful and viable alternative to both covenant theology and dispensationalism. This second edition features updated and revised content, clarifying key material and integrating the latest findings into the

discussion.

Journal of Biblical and Theological Studies, Issue 9 Daniel S. Diffey 2025-11-13 The Journal of Biblical and Theological Studies (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto 2024-01-25 Neo-Calvinism critically advances Reformed orthodoxy for the sake of modern life. Birthed in the Netherlands at the turn to the twentieth century, initiated by Abraham Kuyper (1837-1920) and Herman Bavinck (1854-1921), it argued that a life before God entailed the leavening of faith over all human existence. While the movement originated in the Netherlands, the tradition now has a global reach, with practitioners and thinkers applying its insights in diverse ways and in their own contexts. This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition, with contributors that reflect its global reach. Its four sections chart the theological roots, important original figures, historical contours and the contemporary influence of neo-Calvinism across a diversity of fields.
