For Hearing People Only: Religion and spirituality Matthew S. Moore 2016 "In a handy question-and-answer format, *For Hearing People Only* addresses some of the most commonly asked questions about deaf people, their community and their language. The 4th edition has been expanded into two volumes--containing more content than ever! The *For Hearing People Only* 4th Edition is almost double the size as the previous edition! That means more questions, more answers and more content. It has been expanded into two volumes, and reflects changes in technology and telecommunications. Concise, easy-to-read and designed for those with no prior background, *For Hearing People Only* makes a formidably complex subject accessible. Each chapter can be read as an independent unit. This is the first book of its kind--written especially for laypeople who are curious about deaf people, and would like to separate truth from stereotype, fact from misconception, reality from myth. *For Hearing People Only* makes a good introductory or supplemental text for Deaf studies or signing and interpreter students."--Harris Communications website, <http://www.harriscomm.com/for-hearing-people-only-4th-edition.html>, accessed 06/29/2016.
