Nov 1, 2023 · The primary data source for the paper was Journey Home (JH); however, the results are not incorporated within this review, as the control group of this sample is not restricted to renters but ... The aim of this study was to analyze the mental health of people with housing insecurity by housing tenure and considering the coexistence of other life insecurities (energy poverty and food insecurity). To the best of the authors' knowledge, the present systematic review is the first to investigate the association between housing insecurity and mental health outcomes among renters, with a focus on ... En todos ellos las personas participantes en el estudio han reportado porcentajes muy elevados, y la probabilidad de sufrir mala salud mental era del 89% en mujeres y del 85,3% en los hombres, ... Poor mental health can make it harder to cope with housing problems. Serious psychiatric disorders, such as schizophrenia, bipolar disorder, major depression, and anxiety disorders, can make it more ... Given the reconfiguration of contemporary housing systems, with decreasing affordability, an increasing role for the private rented sector, and worsening housing outcomes compared to previous ... We used adjusted robust Poisson regression models to compare health outcomes among people affected by neglected housing insecurity and those who were not affected. This illustrates the wide spectrum of housing insecurity experienced, including external factors, across different tenure types and provides an opportunity to examine the range and depth of issues that ... This analysis was designed to test if, on average, the mental health of individuals changed if they changed tenure, to resemble more closely average mental health within their new tenure—that is, if ... Our paper is the first to use quasi-experimental methods to seek to identify a causal effect of housing insecurity on mental health and to isolate the effect of housing insecurity from the effect of financial ...
