Transnational Modernity and the Italian Reinvention of Walt Whitman,

1870-1945 Caterina Bernardini 2021-07-15 "This study gauges the effects that Walt Whitman's poetry had in Italy in the period from 1870 to 1945: the reactions it provoked, the aesthetic and political agendas it came to sponsor, and the creative responses it facilitated. But it also investigates the contexts and causes of Whitman's success abroad, in the lives, backgrounds, beliefs, and imaginations of the people who encountered it. Ultimately, it chronicles the evolution of a literature intent on regenerating itself and moving toward modernity. Bernardini gives particular attention to women writers and noncanonical writers often excluded from previous discussions of Whitman's Italian reception. The book is grounded in archival studies and examination of primary documents, which led to a series of noteworthy discoveries. While the main focus is on the Italian literary scene, the history of the reception retraced here is constantly evaluated in relation to other cultures that were also intent, in those same years, on reading and recreating Whitman. Studying Whitman's reception from a transnational perspective shows how many countries were simultaneously carving out a new modernity in literature and culture. In this sense, Bernardini not only shows the interconnectedness of various international agents in understanding and contributing to the spread of Whitman's work, but, more largely, a constellation of similar pre-modernist and modernist sensibilities. This stands in contrast to the notion of sudden innovation: modernity was not easy to achieve, and most of all, it did not imply a complete refusal of tradition. Instead, a continuous and fruitful negotiation between tradition and innovation, and not a sudden break with the literary past, is at the very heart of the Italian and transnational reception of Whitman"--

Secrets and Puzzles Nicoletta Simborowski 2017-12-02 "Four major Italian writers raised in the shadow of fascism - Cesare Pavese, Primo Levi, Natalia Ginzburg and Francesca Sanvitale - are the focus of this examination of the 'unsaid' in modern Italian narrative. Post-war and free of official censorship, these writers nonetheless show signs of constraint and omission in their work. Are the gaps a form of concealment? In this lucid and wide-ranging study, which embraces key areas of modern literary investigation - Holocaust writing, political guilt, autobiography, feminism and film theory - the author addresses the question of self-censorship and traces its course in contemporary Italian writing."

Metamorphosing Dante Fabio Camilletti 2010-12-01 After almost seven centuries, Dante endures and even seems to haunt the present. *Metamorphosing Dante* explores what so many authors, artists and thinkers from varied backgrounds have found in Dante's oeuvre, and the ways in which they have engaged with it through rewritings, dialogues, and transpositions. By establishing trans-disciplinary routes, the volume shows that, along with a corpus of multiple linguistic and narrative structures, characters, and stories, Dante has provided a field of tensions in which to mirror and investigate one's own time. Authors explored include Samuel Beckett, Walter Benjamin, André Gide, Derek Jarman, LeRoi Jones/Amiri Baraka, James Joyce, Wolfgang Koeppen, Jacques Lacan, Thomas Mann, James Merrill, Eugenio Montale, Pier Paolo Pasolini, Cesare Pavese, Giorgio Pressburger, Robert Rauschenberg, Vittorio Sereni, Virginia Woolf.
