As Camerons world fades from reality, his body fades away with it, leaving his soul behind. Inexplicably it merges into Morgan Hamilton, the man who replaced him in this new timeline. The invasion of Camerons soul causes chaos within Morgans brain creating terrible life threatening seizures. Tamlyn discovers that this was all part of the Lavender eyed Goddess wicked vengeance. Two souls locked in perpetual conflict. He strives to save Cameron and Morgan from the madness within as the Azael and their evil brethren thwart him at every turn. Ultimately, he learns that salvation may only exist in a journey back in time to Scotlands turbulent past, only there can Tamlyn hope to save both souls.

*Dominance* Will Lavender 2011-07-05 **THE PROCEDURE HAS BEGUN . . .** Fifteen years earlier. Jasper College is buzzing with the news that famed literature professor Richard Aldiss will be teaching a special night class called *Unraveling a Literary Mystery*—from a video feed in his prison cell. In 1982, Aldiss was convicted of the murders of two female grad students; the women were killed with axe blows and their bodies decorated with the novels of notoriously reclusive author Paul Fallows. Even the most obsessive Fallows scholars have never seen him. He is like a ghost. Aldiss entreats the students of his night class to solve the Fallows riddle once and for all. The author's two published novels, *The Coil* and *The Golden Silence*, are considered maps to finding Fallows's true identity. And the only way in is to master them through a game called the *Procedure*. You may not know when the game has begun, but when you receive an invitation to play, it is an invitation to join the elite ranks of Fallows scholars. Failure, in these circles, is a fate worse than death. Soon, members of the night class will be invited to play along . . . Present day. Harvard professor Alex Shipley made her name as a member of Aldiss's night class. She not only exposed the truth of Paul Fallows's identity, but in the process uncovered information that acquitted Aldiss of the heinous 1982 crimes. But when one of her fellow night class alums is murdered—the body chopped up with an axe and surrounded by Fallows novels—can she use what she knows about Fallows and the *Procedure* to stop a killer before each of her former classmates is picked off, one by one?
