Contemporary Readings in Curriculum Barbara Slater Stern 2008-03-20 This book of readings provides readers with an historical context of the curriculum field. Contemporary Readings in Curriculum focuses on how curriculum may be organized, and what is happening in the academic and co-curriculum of schools. The readings also address the political nature and current debates of curriculum and how we must be attentive to the increasingly diverse populations found in our schools.

Direct Instruction Mathematics Jerry Silbert 1990 An exciting edition of this practical math methods text that provides future teachers with practical procedures for increasing student success in math. Emphasizing specific, classroom-tested strategies, these authors provide techniques for teaching major math and needed prerequisite skills...as well as extensive background in diagnosing and correcting error patterns. In addition, they offer practical guidelines for curriculum evaluation and modification, recommendations for practice and review drills, and specific information on progress-monitoring.
