Gender Warriors U. Melissa Anyiwo 2019-01-14 *Gender Warriors: Reading Contemporary Urban Fantasy* offers classroom-ready original essays outlining contemporary debates about sexual objectification and gender norms in urban fantasy and examining how those cultural categories are reinforced and unraveled. The essays explore the foundations and evolutions of urban fantasy and presentations of gendered identities in a wide variety of sources, focusing not only on popular examples, such as Buffy the Vampire Slayer and Underworld, but also on less studied works, for instance Penny Dreadful and Anita Blake. The authors address the sociocultural institutions that bind gender to the body and shape our views of gendered norms, inviting students of all experience levels to engage in interdisciplinary conversations about both theoretical and embodied constructions of gender and the production of genre and generic conventions. The text unpacks cultural norms of gender and addresses issues of identity construction within an endlessly evolving genre. This collection demonstrates the way that representations of gender and the kick-ass female urban fantasy warrior have upended and reinforced a broad range of expectations and tropes, making it a fascinating text for any course, such as first-year studies, literature, film, gender studies, sociology, cultural studies, history, and more.

Jim Butcher's Dresden Files Jim Butcher 2015-10-13 Wizard-for-hire Harry Dresden and his new apprentice intend to stop the havoc created in the Windy City by a mad sorcerer.

The Publishers Weekly 2010

Jim Butcher's The Dresden Files: Down Town Collection Jim Butcher 2015-09-30 Chicago wizard-for-hire Harry Dresden and his new apprentice, Molly Carpenter, intend to end the havoc caused by a mad sorcerer — one whose ambitions would have the Windy City streets carved out as his own private kingdom. But when the magical upstart enters into an alliance with the notorious mob boss "Gentleman Johnnie" Marcone, will the fast-and-loose Dresden and his young charge survive unscathed? This graphic novel collects the critically acclaimed, six-issue series in one volume, and features a bonus section with Jim Butcher's original story outline, sketchbook artwork from Carlos Gomez, cover gallery with roughs from Stjepan Sejic, and more!

Jim Butcher's The Dresden Files: War Cry Collection Jim Butcher 2014-11-25 A war is raging between the vampire forces of the Red Court and the White Council - a war that the wizards are losing. So desperate are the Council that they've dragooned the experienced and the outcast to reinforce their thinning ranks of Wardens. One of these draftees is one Harry Dresden, Chicago's only wizard-for-hire and a guy who's long been looked upon with suspicion by the supernatural authorities. Now, he's one of them, and his first big mission as a Warden is a doozy: take a small team of greenhorns to a frigid town in the middle of nowhere to rescue a handful of mortals who've been targeted by the Red Court. The question is, why exactly are these particular mortals so crucial to the outcome of the war? The answer will come only if Harry can keep them, and his team, alive for one very long night. This graphic novel collects the critically acclaimed, five-issue series in one volume, and features a bonus section with Jim Butcher's original story outline, sketchbook artwork from Carlos Gomez, cover gallery with roughs from Stjepan Sejic, and more! Creator Commentary from Jim Butcher: "The greatest frustration about writing the Dresden Files is all the stories I come up with that are too small or too straightforward to write into a novel. One of the great pleasures I've had as a writer is getting the opportunity to tell some of those stories in a short-story format, and in graphic novels like this one! War Cry is one of the stories I always wanted to tell but never got the chance to in the context of the novels, and I'm extremely pleased with how well it's coming out."
