Island Sustainability S. Favro 2010 Contains papers presented at the 1st International Conference on Island Sustainability organized on the Island of Brac, dealing with projects, initiatives and experiences related to different island issues. By using the experience of economically developed island environments, it is possible to learn how to ensure the development of other island communities, not only to prevent depopulation but to encourage new settlement. Those projects will serve as guidelines for other initiatives in less developed islands, adapting those experiences to specific regional, cultural and socio-economic characteristics.
