macroeconomics, finance, and capital markets with hundreds of videos, articles, and practice exercises. Economics is the study of how humans make decisions in the face of scarcity. These can be individual decisions, family decisions, business decisions or societal decisions. Aug 20, 2023 · Economics is a social science discipline that investigates how individuals, businesses, governments, and societies allocate scarce resources to satisfy their unlimited desires and needs. Economics is the study of how people, businesses, and governments use limited resources to produce and share goods and services. It looks at our choices and how we respond to different situations. One of the fundamental principles of economics, described by Adam Smith in "The Wealth of Nations". Work can be undertaken more efficiently if broken up into

discrete tasks. Economics (/ ,ɛkə'nomɪks, ,i:kə -/) [1][2] is a social science that studies the production, distribution, and consumption of goods and services. [3][4] Economics focuses on the behaviour and interactions of ...
