A whole composed of interconnected or interwoven parts. A complex of cities and suburbs; the military-industrial complex. In general English, complex refers to something consisting of multiple parts, intricate or not easy to understand or analyze because of its various interconnected elements. an intricate or complicated association or assemblage of related things, parts, units, etc.: the entire complex of our educational system; an apartment complex. Her poetry is too complex [= complicated] for my taste. The rules are complexly written. She has a complex about her appearance. Find the latest entertainment news and the best in rap music, pop and internet culture, sneakers, style and streetwear, and sports culture. Composed of interconnected parts; formed by a combination

of simple things or elements; including two or more connected particulars; composite; not simple: as, a complex being; complex ideas; a ...  
COMPLEX definition: 1. involving a lot of different but related parts: 2. difficult to understand or find an answer to.... Learn more.  
complex, complicated, intricate, involved, knotty mean having confusingly interrelated parts.  
complex suggests the unavoidable result of a necessary combining and does not imply a fault or failure. Complex should be used to say that something consists of several parts rather than that it is difficult to understand, analyse, or deal with, which is what complicated inherently means. COMPLEX definition: composed of many interconnected parts; compound; composite. See examples of complex used in a sentence.
