Cat in a Neon Nightmare Carole Nelson

Douglas 2003-05-01 Cat in a Neon Nightmare is the fifteenth Midnight Louie mystery, and this tough-talking tomcat is as feisty as ever, raising hell (sometimes literally) in Las Vegas, America's Sin Capital. The lavish hotels and the sham of wholesome fun may soothe the tourists, but sex and greed still fuel this town, and bad guys still abound. And Midnight Louie, the feline Sam Spade has his paws full keeping those he loves safe . This time Midnight Louie treads the lurid side of mystery's mean streets when a call girl named Vassar is found lying dead on the neon ceiling above a Las Vegas casino. Suicide or homicide? If straight-arrow radio shrink Matt Devine, the man most likely to have been Vassar's unlikely last client, is charged for Vassar's murder, everyone Louie knows is an accessory to the crime . . . except for his ever-loving roommate, PR whiz Temple Barr, who has been kept in the dark by both friends and enemies. To save Matt's future, Temple will have to crack the cover-up with the unsuspected help of Midnight Inc. Investigations, now including a junior partner: Louie's maybe-daughter, Midnight Louise. Meanwhile, a hot new club in town, Neon Nightmare, has links to the mysterious Synth, a sinister association of magicians that may lie behind the string of unsolved deaths that have haunted Louie Company for months. And with the psychotic stalker, Kitty the Cutter, still prowling, death is definitely in the cards for someone Temple knows very well, and not even Louie may be able to stop it. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Then came a dizzying spin, the earth trembled, the mountains wept, and the floods roared. The raging power beneath the earth was ravaging the rich and beautiful land. When Xiao

Dragon Age: The Masked Empire Deluxe Edition

Patrick Weekes 2019-06-18 Empress Celene of Orlais rose to the throne of the most powerful nation in Thedas through wisdom, wit, and ruthless manipulation. Now the empire she has guided into an age of enlightenment is threatened from within by imminent war between the templars and the mages, even as rebellion stirs among the downtrodden elves. To save Orlais, Celene must keep her hold on the throne by any means necessary. At her heels are Grand Duke Gaspard, an Orlesian chevalier who believes the kingdom deserves a new, stronger leader; and Briala, Celene's handmaid, spymaster, and lover, who wants nothing more than to fight for her people--the elves. Alliances are forged and promises broken as Celene and Gaspard battle for the throne. In the end, however, the elves, hidden and starving, may decide the fate of the masked empire themselves. This deluxe edition features twenty-four brand new illustrations by Stefano Martino, Álvaro Sarraseca, Andres Ponce, and German Ponce in an intricately designed, foil stamped hardcover!

Too Smart to Try Yelena Polyakova 2025-06-16 Ningdu accidentally enrolled in a mecha military

academy. Due to his poverty and frugality, he struggled to get by at school. Every night, he stayed up late writing theoretical assignments for his classmates to earn money, while sleeping through theory classes during the day. He managed to earn some extra income. During the underwater pressure test, while his classmates were competing to see who could withstand the pressure and swim to shore fastest, Ning Du was submerged in water with a pile of clothes on his body, frantically washing them to save on laundry fees. During reaction time class, while other students frantically dodged arrows fired by robots, Ningdu lay on the ground, picking up arrows when no one was looking, then selling them for a good price to earn extra money. Later, the teachers' evaluation of her: A student with an extremely improper attitude, sleeping during theory classes, always the last to surface during pressure tests, and cowardly during reaction time classes—the robots shooting arrows at her made her crawl on the ground in fear. She's completely unfit. The teachers shook their heads, then pulled out the final exam score sheets for each subject to select a few outstanding students to participate in the district-level competition. But they discovered that Ning was first in theory exams, first in underwater pressure resistance, and first in reaction speed. Her overall score was at the top of the list. The teachers: ... Ning was sent to the central district to participate in a mecha competition. Since she couldn't afford to buy a mecha, she made one out of paper. She refused to attend training classes because the fees were too expensive and didn't practice with the mecha. Instead, she spent her days working as a part-time cleaner at the competition venue. During the competition, she was afraid the opponent would destroy her paper mecha, so she hesitated to act and kept□□ the opponent. Later, district officials came to the school and vented their frustrations. "Your student doesn't even use a proper mecha!" "She skips training and goes to the competition venue every day. While others are fighting, she's cleaning up under their noses!" "During the competition, she doesn't even fight—she just□□!" Teachers: "Oh, we're so sorry! We'll bring her back right away!" District officials: "Hmm, you do need to bring her back. After all, the teacher of the champion has to

attend the award ceremony." Teachers: "What?!" District officials: "Your student didn't fight at the competition. She just hid from the other opponents, making them exhaust themselves! I don't know how she managed to dodge them so well. They couldn't even hit her once!" Teachers: ...
